2. Food safety
3. Food security
4. Food traceability
5. Crop productivity

❖ You are welcome to submit any other topic of interest to you!
Guidelines for write up

- First step: Construct a skeletal framework of your essay
  - keywords
  - flow of ideas / main pointers

- Introduction (1-2 pages)
  - what is your scope/issue
  - elaborate on the current status, locally and/or internationally (use numbers, hard facts)
  - connect with policy, conventions, etc
  - make it interesting so that the reader gets interested!
Guidelines for write up ...(2)

- **Main body** (6-7 pages)
  - create subtopics for better organization of your facts
  - make sure there’s a connection between subsequent subtopics
  - relate it to past and/or ongoing work (literature)
  - apply critical & creative thinking

- **Discussion** (2-3 pages)
  - merits and demerits based on the information you have
  - “what have you learnt so far”
  - “where do we go from here”
Guidelines for write up ...(3)

- **Conclusion** (0.5-1 page)
  - “what’s the moral of the story”
  - give some vital projections

- **References**
  - must be legitimate
  - be consistent with format
  - must appear in text and bibliography
Guidelines for presentation

- Time: 20 minutes (about 20 slides)
- Language: Preferably in English
- Q & A: At the end of each presentation
- Commentary by instructor: At the end of session

- Keep your slides simple
- Avoid slides with too much text
- Use the right color combination
- Use pictures/charts/tables to summarize facts
